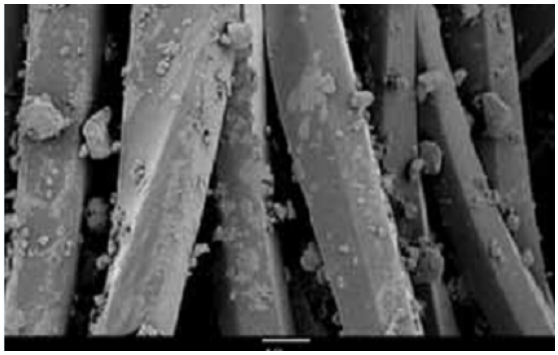
ANTICON®

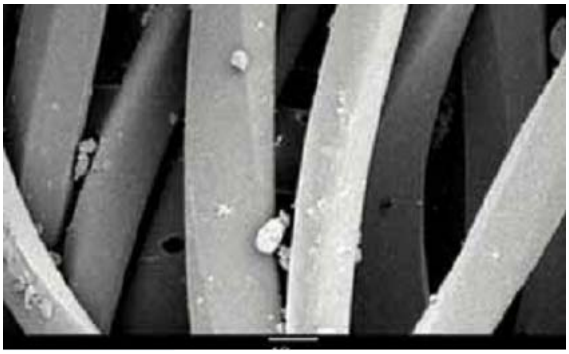
WITH PARTICLE ATTRACTION TECHNOLOGY

Try Anticon ® with P.A.T.

And see what you've been missing.



Wipe with P.A.T. after use attracts 35 times more particles.



Wipe without P.A.T. after use attracts and retains far fewer particles.

At every step of the cleaning process, Anticon® wipes with Particle Attraction Technology (P.A.T.) offer a better clean than competitive wipes:

1. Starts out twice as clean as competitive wipes.
2. Attracts 35 times more particles than competitive wipes.
3. Retains 95% of the particles captured, so there is less chance of re-contamination

Advantages of Anticon® with P.A.T.

- Double knit construction with Contec's proprietary sealed-edge technology
- Laundered and packaged in an ISO Class 4 Cleanroom
- Arrives with minimal particles, fibers, ions and extractables
- Available in various bases and weights in economical bulk packaging
- Works well with solvents
