

# CleanTube™ Wipe

Knitted tube wipe, 9" wide, sealed edges, laundered

## Description

The CleanTube tubular wipe brings the cleanliness of controlled environment laundering to the automotive industry.

Constructed of 100% polyester knit and available in a variety of lengths and textures, CleanTube wipes are ideal for many surface preparation applications in the automotive and other industries. Originally designed for removing excess sealant, these low-linting wipes are also excellent for cleaning paint automation equipment.

## Features and Benefits

- Durable polyester fabric provides excellent sorbency
- Heat cauterized edges naturally roll-up, reducing the potential for contamination from cut fibers
- High stretch allows for cleaning in tight spaces

## Applicability

The information presented here is applicable to the part numbers shown below, as well as to any product containing the same materials and produced under the same conditions, regardless of product size or packaging configuration. Please contact a Contec sales representative for more details.
